10 Ft. Truss System

T- Stand

Truss can be set to 5 Or 10 Ft. sections.

Most effect lighting will be mounted on any combination of the lighting stands pictured above. Beacon, Staray and Laua lights are not stand mounted but can be placed on speakers, tables, and other such objects. Rope lighting can be placed any where it can be safely hung without damaging the venue property. This means I can not drill, screw or tape to walls, ceilings, floors or any other fixtures as this would result in property damage. All stand or truss mounted effect lighting units must be placed in a balanced combination so that the truss or stands will not tip over and set to the proper height and angle to shine on the dance area properly. The Truss system cannot be used in an area with a low ceiling. If you have any preferences on how to set up feel free to voice your ideas, I will do my best to accommodate your needs. Strobe Lighting can cause persons with epilepsy to have seizures so if you choose this type of effect lighting, I would suggest that warning signs stipulating the use and risk of them are posted at all entrances to venue. I will provide them if requested in advance.

CHAUVET Vue™ 6.1

The VUE™ is a groundbreaking line of highly portable, DMX-controllable LED-fitted beam effects. The Vue™ 6.1 is a centerpiece effect incorporating an osculating LED array that has a massive coverage angle that creates firework-like projections that rotate filling any room with a plethora of beams and color.

FEATURES
6-channel DMX-512 rotating LED moon flower
Blackout/static/strobe
Individual control of red, green and blue LEDs within each cluster (3 total)
Built-in automated programs via master/slave or DMX
Built-in sound activated programs via master/slave or DMX
Additional power output for daisy chaining units together
Low power consumption

SPECIFICATIONS
Beam angle: 110°
Light source: 252 (108 red, 72 green, 72 blue) LEDs 100,000hrs
Current draw: (peak 40W @ 120V) (inrush 50W @ 120V
Power: Autoswitching 100V – 240V 50/60Hz
Weight: 6.6lbs (3kgs)
Size: 13in x 13in x 13in 330mm x 330mm x 330mm

American DJ LED Quest

The American DJ LED Quest effect light boasts 3 bright, 5W rotating LED beams (1 red, 1 green, 1 blue) which shoot from 19 lenses in order to cover a large area. The LED Quest works in sound active mode and has built-in programs including a strobe effect, as well as a sound active sensitivity knob to enhance or slow down the beam rotation. The rotations themselves are quick and smooth thanks to the LED Quest's stepper motor. On its own, the LED Quest makes a big impact, but for more impact you can use it in Master/Slave mode via its XLR cable. The American DJ Quest runs extremely cool with no duty cycles. Run it all night, and, thanks to its LED technology, it won't cost as much as incandescent lights. American DJ includes a hanging bracket with the LED Quest lighting fixture

- **Bright red, green, & blue rotating beams shoot from 19 lenses covering a large area**
- **15W total LED: 1x 5W red LED, 1x 5W green LED, 1x 5W blue LED**
- **Sound active from built-in programs**
- **Sound active sensitivity knob on rear panel**
- **Uses a stepper motor for smooth, quick movements**
- **Strobe effect**
- **Master/Slave linkable via XLR cable**
- **Runs extremely cool with no duty cycles so you can run it all night**
- **Includes hanging bracket**
- **Beam angle: 130 degrees**
- **Power Consumption: 20W maximum**
- **Extreme long lifetime of the LEDs (50,000 hr. rating)**
- **Multi-voltage Operation: AC 100-240V, 50/60Hz**
- **Dimensions (LxWxH): 18.25" x 12.25" x 12.25" / 460 x 310 x 310mm**
- **Weight: 9lb. / 4kg.**

Chauvet / Cyborg (CH-258)

Cyborg's™ richly textured motifs make it stand out from the multitude of effects available today. Flower-like crisscrossing and rotating rays shoot through colored lenses to craft artsy, vivid and dynamic displays with a three-dimensional appearance. The unit is sound-active. Its relatively small size and weight make it particularly well suited for mobile DJs or for use in events where ease of transportation, installation and operation are priorities. It is outfitted with two powerful 300-watt bulbs and features a 90-degree beam spread for brilliant and wide area coverage. The Cyborg has 30 criss-crossing, rotating beams shining through 8 multi-colored lenses to provide a large coverage area. The cyborg is sound activated with adjustable sensitivity to give you just the right effect. LAMP 2 x 64514 120V 300W (110V)

Gemmy 24395 LED Color Beaming Lightshow Projector

LED unit projects a beam of multi-colored lights that move and swirl creating a spiraling multi-colored light show. 3 amp/120 volts.

Venue Hyperflex 12G Moonflower

12 standard and seasonal gobo patterns

19-mirror, 6-color moonflower reflector

Motorized gobo selection

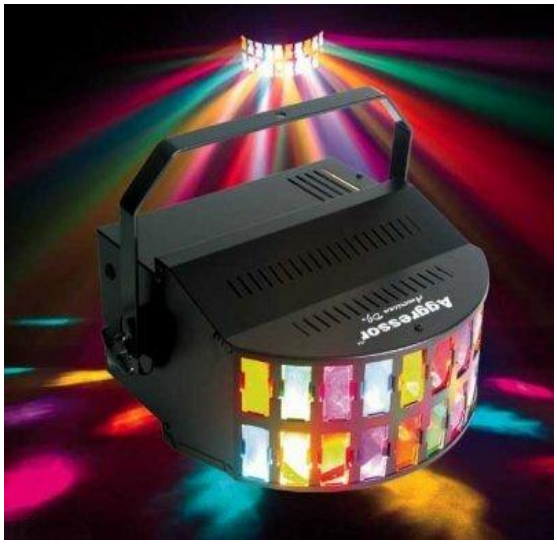
3 control modes: static, auto, and sound active

Rugged construction with heavy-duty casing and mounting yoke

Adjustable focus

The high-powered Venue Hyperflex moonflower comes with 12 standard and seasonal gobo patterns, a 19-mirror, 6-color moonflower reflector, and motorized gobo selection. The effect light operates in 3 control modes including static, auto, and sound active. It features rugged construction with heavy-duty casing, mounting yoke, and adjustable focus. Some of the coolest gobos include a jack-o'-lantern, a grinning skull, two champagne glasses toasting, a decorated Christmas tree, two hearts, and happy birthday, happy anniversary and season's greetings messages, making this lighting effect perfect for holiday affairs.

American DJ /Aggressor



- **Two 300-watt lamps produce 40 multi-colored moving beams that cover a large area**
- **Multi-colored beams move and rotate to the music by the internal microphone**
- **Circuit breaker protection – no need to change fuses**
- **Fan cooled**
- **Lamp: 2 x ZB-64514 120V 300W**
- **Dimensions: 16” x 16” x 28"**
- **Weight: 24lbs.**

Eliminator Lighting / Pirahna E-144

The E-144 is a small version of the E-108; still it is a powerful effect for both clubs and mobile DJs. This unit features 2 x 120v 300w Lamps (EL-64514) that respond sound actively via its internal microphone. The effect creates a dramatic cluster of 32 multi-dichroic colored beams crisscrossing throughout the room. You cannot go wrong with the E-144. Dimensions: 17.322” x 12.401” x 9.842”
Weight: 8 lbs.

Chauvet Kinta X

Compact and lightweight, the LED-fitted Kinta™ X can fill a room with sharp beams and more output and broader coverage than conventional derby effects. Floor-to-ceiling and wall-to-wall coverage is a snap with combinations of red, green and blue. The derby effect Kinta™ X is linkable to other X series fixtures that share the X Bracket, plus the LED Mushroom™.

Features

- **2-channel DMX-512 LED derby effect**
- **Continuous rotation or back and forth motor control**
- **Built-in automated programs via master/slave or DMX (rotation only)**
- **Built-in sound activated programs via master/slave or DMX (rotation only)**
- **High-power, 3W (730mA) LEDs**
- **Linkable with LED Mushroom and Double Derby™ X**
- **Mount multiple units together with adjustable, optional bracket (XBRACKET)**
- **Additional power output: max 37 units @ 120V (see manual for details)**
- **http://www.chauvetlighting.com/kinta-x.html**

2 Chauvet COLOR Bank Effects Light Bars

Color Bank is a 4-channel border light with a built-in fully automatic sound-activated controller that chases 4 colored lights (red, green blue, yellow) to the music beat

Size: 14.75in x 11.43in x 19.05in, Shipping Weight: 6.4lbs,
Power: 110v or 230v, Bulb: 4 x CHR30 120v 60w

Chauvet / B-250 High Output Bubble Machine

FEATURES

- **Lightweight plastic housing**
- **Produces hundreds of bubbles every minute**
- **Includes hanging bracket and removable bubble fluid tank**
- **Size: 12.5" x 7" x 6.5". Wt. 13.5 lbs**.

Ground Fogger Machine with Remote (400W)

This 400 Watt Fog Machine creates low-lying ground-hugging fog by using ice to cool the fog so it stays low to the ground (machine has a separate container for ice). 400 Watt Fogger covers approximately 2000 cubic feet per minute. ETL Listed Adapter plugs into any standard outlet. Power Cord is approximately 4' long. Includes corded remote control with a cord that is approximately 9.5' long. Fog Machine measures approximately 19" wide x 10.5" high x 12" deep. Uses Fog Juice (sold separately) to create fog (holds up to 0.5 liter/0.58 quarts of fog juice). Unit requires ice for ground level fog.

Chauvet H-900 fogger w/wired remote

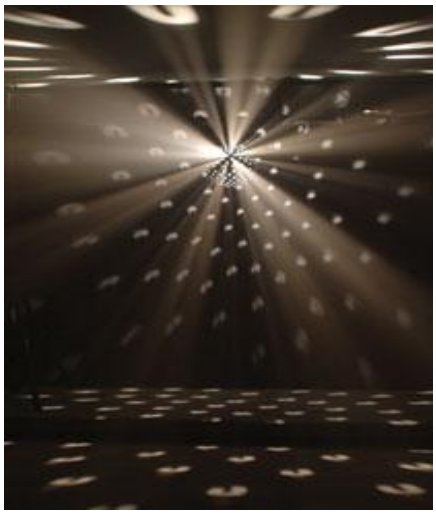
Chauvet Hurricane 900 Fogger with Remote 4,000 CFM

The Hurricane™ Series Foggers provide the quality, performance and innovation for which CHAUVET® is known. All come with generous-capacity tanks and quick heat up of water-based fog to fill a venue within minutes. Specifications: • Fluid consumption: 65 ml/minute • AC power and current: 120V/60 Hz: 404W, 3.3A operating, 3.3A inrush, PF 1.00 • Weight: 7.7 lbs. (3.5 kg) • Dimensions: 10.4" x 8.9" x 9.1" (264 x 228 x 231 mm).

Gemmy / The Fog Machine Model 25485

DIMENSIONS ARE: 5.5 H X 10 L X 6 W, CONFORMS TO UL STD.120VAC, 60HZ, 400W, 1 Pint Fluid Tank Fog Output = 1908 Cubic Feet Per Minute

American DJ / Starball II



Starball II New case design! 90s Mirror Ball effect!
• Projects beams of light on the wall just like a mirror ball effect without having to shine pinspots on it!

• Dimensions: 12” H x 8.25” W x 8.25” D
• Power draw: 2A

115-STARAY

The 115-STARAY produces 28 crisp, bright white beams that slowly rotate to create the elegant effect of a giant mirror ball from 2 very bright 5 watt LED's, Shooting beams of white light out of the 28 clear lenses. A slow constant rotation moves the beams of light about the room. This effect is bound to impress everyone. Bring back the good old days of disco with this new twist on the mirror ball. Instead of a heavy ball hanging from a string and covered with shards of mirrored glass that bounce the light pin spot lighting all around the room, the 115-STARAY is a physically small unit that gives you the same big effect, producing 28 crisp, bright, slowly rotating white beams powered by 2 very bright 5 watt LED's. A simple tabletop fixture that covers plenty of space.

TECHNICAL SPECIFICATIONS:
5 watt LED
Produces 28 beams
Wide area coverage
Extreme long lifetime led
Very low power consumption

Weight: 5 3 Lbs
Size 8x8x6
Power:110Volts
